

• Flagship Hybrid Track

From Beginner to Multi-Role Leader

Scrum Master, PO, BA, PM & AI

Stop applying for one role. Start qualifying for five.

The hiring market has shifted toward multi-diverse hybrid candidates: professionals who can flex across Scrum Master, Product Owner, Business Analyst, Project Management, and AI productivity roles. Malvin AI Tech trains you to be that candidate. One enrollment, five job titles, zero guesswork.

Your roadmap at a glance

Week-by-week curriculum

From Beginner to Multi-Role Leader

- Week 1** **Foundations of Agile & Scrum Frameworks**
 - Core values, empirical pillars, and the evolution of the Scrum Guide
 - Software Development Life Cycle (SDLC) and Product Development Life Cycle (PDLC)
 - Scrum accountabilities, events, and backlog management essentials
- Week 2** **Advanced Scaling & Enterprise Frameworks (SAFe & Kanban)**
 - Scaling Scrum with the Scaled Agile Framework (SAFe) and PI Planning
 - Kanban principles, Work-in-Progress (WIP) limits, and flow metrics
 - Practical tooling administration with advanced Jira and Confluence
- Week 3** **Multi-Role Execution: PM, PO, BA & AI Augmentation**
 - Project management governance, budgeting, and risk management frameworks
 - Product ownership strategy, prioritization models (RICE, MoSCoW, WSJF), and user story mapping
 - Business analysis alignment and AI productivity tools in Agile delivery workflows
- Week 4** **Release Management, Career Optimization & Final Evaluation**
 - Release management, CI/CD pipelines, and testing strategies
 - Real-world situational interview preparation, resume remodeling, and LinkedIn optimization
 - Final program review, portfolio presentation, and job placement readiness

What's included

- ✓ Live instructor-led training with active practitioners
- ✓ 100% job support: ATS resume optimization, LinkedIn branding, and direct alumni referrals
- ✓ Lifetime post-job support and community access
